All Ambetter Health's membership will be locked in for the 2024 policy year to the member's AOR as of Dec. 31, 2023. This includes new members who must remain in their membership.

The designated AOR will also roll over and be locked in for the next policy year. If a member rolls over to the next plan year without submitting a new application, the designated AOR will also roll over and be locked in for the next policy year. If a new application is submitted at the time of renewal, the designated AOR will be the one with which the member is locked in as the AOR for the next policy year.

Please Note: Non-brokered membership is also locked in for the next policy year following the renewal date.

January 2024 commissions will be according to the new rate stated above.

Commissions earned on all policies are paid out within 30 days of the end of the policy year.
